Subject:Temporary import of cage birds

Turkish Canary and Cage Birds Federation
HACIKADIN MAH HACIKADIN CAD NO:24 UNKAPANI/FATİH/İSTANBUL

Reference : 17.08.2021 dated and numbered letter of Turkish Canary and Cage Birds Federation.

Your letter that stated in reference , a request has been made to change or cancel the 7 (seven) days of quarantine from the health requirements stated in the "Veterinary Health Certificate for the import of birds other than poultry into Turkey", which will accompany the birds coming with temporary import from abroad for the First Intercontinental COM World Show of the Turkish Canary and Cage Birds Federation.

Since there is no health certificate type published on the website of our General Directorate regarding the temporary importation of birds other than poultry, temporary importation of birds with above-mentioned health certificate model will be deemed appropriate without applying a 7 (seven) days of quarantine period.

Except for the cases required by our national legislation, quarantine is not applied in the temporary importation of live animals (including birds) coming to our country for shows and competitions.

Respectfully submitted.
